17" TOUCH SCREEN - WATER PROOF PANEL MOUNT ENCLOSURE

17" Waterproof Touch Panel-Mount Monitor: The VMTWP-17 Series features 1280 x 1024 (SXGA) resolution and 5:4 (4:3) aspect ratio. The 5-Wire Resistive Screen can be activated by almost any object - gloved finger, stylus, pen, etc. Additionally, it is also available in Projected Capacitive Touch Technology. Learn more about the different types of touch screens. They are ideal for wash-down environments or where liquids, steam or moisture may damage standard monitors.

The VMTWP-17 Series 17" waterproof touch screen features a stainless steel panel mount enclosure. The front face is NEMA 4X waterproof. Consequently, this enables it to be used in any wet environment, in manufacturing plants, outdoors or at sea. With temperature ranges from 32° to +122° F, this 17" waterproof panel mount touch screen monitor can be used nearly anywhere. There's also a handy guide on how to install a panel-mount touchscreen.

The VMTWP-17 Series 17" Waterproof Touch Panel-Mount is perfect for use in a wide range of industrial, military, manufacturing, inspection, food processing, and transportation applications.
